

## Turn The Page

**D** **A** **G** **A**  
 I quit my drinking, and Got to Thinking, About the things that I have done

**D** **A** **G** **A**  
 And how I hurt you, I don't deserve you. I was always on the run

**Bm** **D** **G** **A**  
 And I'd ask for forgiveness, If only I knew how

**Bm** **D** **G** **A**  
 There's something deep within me, I've got to do right now

**D** **A**  
 I've got to turn the page, make a change

**G** **A**  
 Bow my head, maybe kneel and pray

**D** **A**  
 I've got to face myself, There's no one else

**G** **A**  
 Gotta face the truth and make it up to you

**D**  
 I've got to turn the page

**D** **A** **G** **A**  
 Too many moments, that I was lonely. Cause you were never round.

**D** **A** **G** **A**  
 Oh how I cursed you. I tried to get through. But I was broken down.

**G** **D**

**Bm** **D** **G** **A**

Do it right, maybe start again
